LETTER FROM THE CHAIRMAN

On behalf of the Board of Governors and staff of Sanyu Babies' Home (SBH) I greet all our readers in the name of Our Lord Jesus Christ. I wish you GOD's blessings throughout the Christmas season and the commencement of the New Year. One of the greatest lessons SBH learnt towards the end of 2016, was GOD's power, reflected through His people who **VISIT SBH AND DONATE TOWARDS WHAT THEY SEE**. We began to appreciate that when more people visit SBH, to see for themselves the dire need for helping; assess what can bring a smile to many of the less-privileged of our society through donations, fostering and adoption; they are overwhelmed, and their inner hearts of kindness pour out and flow endlessly. Visitors' emotions go high, with some reduced to tears. In this vein, we (therefore) very sincerely thank our Bishop of Namirembe, The Rt. Rev. Wilberforce Kityo Luwalira, for initiating in the Diocese a full-year calendar for all Namirembe Parishes to visit SBH, assess the need, and donate; or do anything else that is needful. In the last quarter of 2016 we started to see fruits of this visitation programme. We also

continued to receive tremendous support from other visiting donors from friends at home, like: The Institution of Surveyors of Uganda; and others from the Diaspora, like: The Crated Crane Women Association, from New Jersey USA, or Prof. Dr. Steven Kaddu and his wife Olga, from Austria. We also welcomed back our Director Barbara from maternity leave. We, finally, herewith extend full-felt sympathies to the Archbishop of the Church of Uganda, His Grace Stanley Ntagali and his family, for the very sad loss of a son. May GOD bless you.

LETTER FROM THE DIRECTOR

Happy New year. I take this opportunity to pass on to you all best wishes for the new year 2017 from the babies, staff and management of Sanyu Babies' Home. We are so thankful this year for God's overwhelming presence in the Sanyu Babies' Home family. We have enjoyed His hand of blessing, protection, guidance, good health, provision and help. SBH would like to thank each of you who sacrificially donated to support the children in our care. Without your generous support, prayers and encouragement, Sanyu Babies' Home would not have had a successful year. We call upon you to support Sanyu Babies' Home development programs for the year 2017. We would love to hear from you this new year. Please continue to pray for us. Talk about us at your church, place of work and with your friends and family. And if you or they are feeling called to join our ministry, please contact us.

Called Back Home- David Tusubira

Baby David arrived at Sanyu Babies' Home on 9th November, 2016 at approximately 2 days old. He was found abandoned on a garbage area in Wamala Zone, Kawempe. David was prematurely born and only weighed 1.2kgs. When David arrived, he was very sick and his body temperature was very low. David was therefore immediately rushed to Mengo hospital. Despite the best efforts of the medical team at Mengo hospital, David passed away shortly after his arrival to the hospital. David will always remain a part of the Sanyu family. We thank God for his presence in Sanyu.

Baptism

Baptism is an ordinance instituted for the church by Jesus Christ. Just before His ascension into heaven, He said; "Go and make disciples of all nations, baptizing them in the name of the father, the son and the Holy Spirit and teaching them to obey everything I have commanded you" Matthew 28:19. We intend to have the little children admitted into the fellowship of the church through baptism, nurture them in church, teach them about God and watch them grow living dignified lives. As we celebrate Jesus Christ this festive season and await the New Year, we so wish to have our children and adults understand the importance of all this and make an effort to teach the next generations the doctrines of Christianity. Therefore, on 16th Dec 2016, we had 16 children baptized at

Feature: Arrival of Gideon

Gideon now

Baby Gideon arrived to Sanyu Babies’ Home on 22nd November, 2016. He came very malnourished and sick. Suffering from skin soars, a large wound on his backside and extreme malnourishment. The nurses here at Sanyu decided it would be best to take him to the hospital. Gideon received treatment at the Mulago National referral hospital for a full month and returned to Sanyu with improvements we are very excited about. At one year old, Gideon came to us only weighing 3kgs and now weighs 4.5kgs. He is healing well from his wounds and illness and we are starting to see a whole new side of Gideon. When Gideon arrived, he was very weak. Unable to cry, move, or show emotion. It was difficult to see his personality shine through his weakness. Now he has started to cry, reach out with his arms, kick his legs, smile, and even laugh! He has a long road in front of him but he has been a wonderful addition to the Sanyu family. We are hopeful

that Gideon will keep improving with the love and care he receives here at Sanyu Babies' Home. On Gideon's behalf, we thank you for the love and prayers you have already sent him and will continue to do so.

SBH EMPLOYEE OF THE YEAR 2016

Agnes Nakakeeto- Employee of the year 2017.

Here at Sanyu Babies' Home, all of our staff members have achieved excellence. Every single one of our staff members are worthy of receiving recognition and we are grateful for all of them. However, we would like to recognize one of our staff members who has gone above and beyond. We are pleased to recognize **Mama Agnes Nakakeeto** as employee of the year 2016!

Mama Agnes became a part of the Sanyu family in 2004 and continues to work tirelessly through the years. She began her work as a mama and later took on the responsibilities of team leader and store manager. Despite having taken on more work, she has always completed her work gracefully with a cheerful heart. Everyone who comes in contact with her can recognize what makes her so valuable to our team. Even on her days off mama Agnes can often be found here at Sanyu caring for the children or helping with chores. She is known to be gifted at handling conflict. Proverbs 15:1 tells us that "A soft answer turns away wrath" and she exemplifies this beautifully. The children here at Sanyu truly enjoy being around her and just her presence is truly a blessing to us. She has been and will continue to be a valuable member of the Sanyu family and we are eternally grateful for her.

Differently Abled - Mercy Malaika - by Janice Smith. (Jajja).

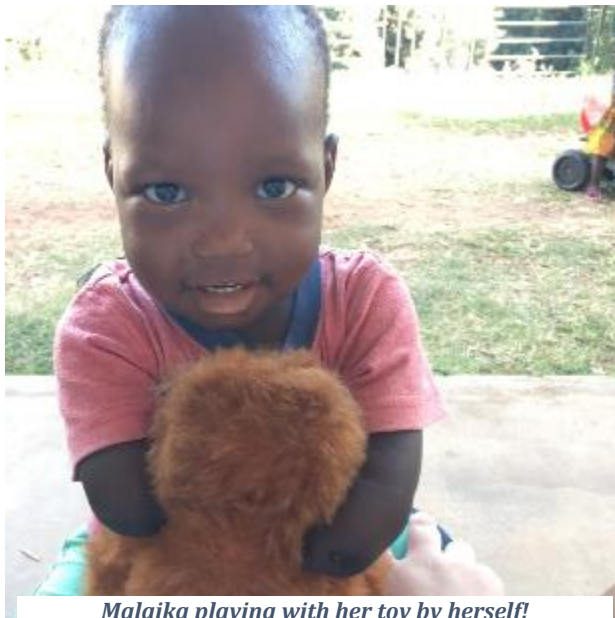

Jajja Janice with Malaika

I volunteered at Sanyu for 6 months. From May to November 2016.

During this time I witnessed Malaika grow from a beautiful baby into a beautiful little girl. When I first met Malaika she was just able to move around a little by sitting and using her leg to move along. After she accomplished this we would stand her near the rail so she could stand and then learn to walk holding on to the rail. It seemed to take forever for her to get game enough to let go and walk on her own. I remember sitting across from another volunteer and encouraging her to walk from one to another. We were so excited when she would do a few steps and we would make a big fuss over her. Now she can stand up independently

from a sitting or fallen position to walk around. She is now running, jumping and dancing. She has also learnt how to hold things such as a biscuit in the elbow joint of her arm so she can eat it, she can also hold a cup and drink, pick up toys and carry them around. I have also witnessed her using her toes to play with a block. She knows exactly what she wants and will let you know by body language as she is not yet fluent with her talking. I believe Malaika has the determination to go far and overcome her challenges.

I don't have a dis-ability, I have a different-ability.

Fundraiser - Bake sale by Brooklyn Klassen

The incentive for this fundraiser bake sale started out with prayer of what I could do for Sanyu after I returned home to Canada from spending 2 months at Sanyu Babies' Home in Uganda. When I began working at the orphanage I realized just how much time, effort and need for supplies exist in an orphanage. The children are precious and like any of us, they are just looking to be loved, cared for and fed. Sanyu Babies' Home does all of this. They tirelessly give of their time to provide what they can for each little prince or princess of the Almighty King Jesus! While I was there I fell in love with these beautiful faces. They love

unconditionally and wear beautiful smiles when you enter the room. There were times when I wish I had 8 arms to hold the children, feed, dress, rock babies to sleep, give pushes to giggling kids on the swing or simply play on the ground together. While I was there, I would do midnight and early morning feedings for the babies - baby formula is necessary nutrition to help a baby grow up strong and healthy, both physically and cognitively. I would change diapers - WOW do they go through a lot of diapers, I would help young toddlers learn how to walk, assist in getting the food to the children when it was meal time. There was so much more involved than I had expected. I didn't always know how I could help to make the day easier but I could fill the place with prayers and sing songs to comfort the children. It would break my heart to hear the sad cries and see how some children will have greater challenges in their lives. I know that God is Good and He really does love the little children. I wasn't sure what I should do to provide Sanyu Babies' Home with a little financial help. A piece of my heart still remains there even though I have not been there since this past March 2016. With prayers and a lot of baking flour myself, my mom, my sister, extended family and friends baked all kinds of deliciousness just in time for the Canadian Thanksgiving Celebration season. My dad made arrangements for the local grocery store - Winkler Consumers Co-op to set up a couple of tables where I could spend a day selling fresh baked goods and freshly cooked soups by donation to the

general public. The people never ceased to amaze me with their generous loving hearts and open wallets. As the home baked prepackaged foods (cookies, cake, pie, buns, dessert rolls...) were chosen and the generosity of the people who dropped their money into a jar, I could see that God was blessing this effort in order to provide necessary supplies and hopefully a special Christmas for these amazing little children of God. I encourage anyone who feels God calling them to reach out and help out an organization to consider helping out Sanyu Babies' Home - Uganda. Thank you to all who helped by praying, preparing food, purchasing food, or simply donating money to this organization. Thank you to Barbara Mutagubya for accepting me into this life changing experience at Sanyu Babies Home!

Happy Birthday Jesus – SBH Christmas party!

Happy birthday Jesus, Happy birthday Jesus, Happy birthday dear Jesus, Happy birthday Jesus.... This was the song of the day during the Sanyu family Christmas party held on Friday 16th December, 2016. The day was filled with so much fun. Even the staff members were full of excitement for this day to arrive. Many of us joyfully decorated the home with Christmas decorations and the staff members cooked and cooked and COOKED to

provide our children with the very best Christmas we could possibly give them! All the children were dressed up in very beautiful party cloths, there was lots to eat like; chicken, meat, Irish potatoes, matooke and lots of sodas. Some of the activities for the day included; cake cutting, exchange of gifts and dancing. We give great thanks to all our dear friends who joined us at the Christmas party. And to those that made contributions towards the party, thank you very much.

Christmas Carols at Sanyu!

Mary Sumner Choir- Namirembe Diocese

On Friday 23rd December 2016, we were blessed to have four choirs visit us to sing Christmas carols for the Sanyu babies, staff and volunteers. Despite the business of the Christmas season we were blown away by the generosity of these choirs! They chose to use their valuable time to come and serve us when they could have chosen to sing for large churches, family events or just spend time with their loved ones instead but we are very grateful to God that they chose to spend time with us and bless us this season! These included Kibuye Echoes Choir, Mary Sumner Choir-Namirembe Diocese, Disciples Choir-

Uganda Martyrs' Church Busega and Saints Choir from Mutundwe. The children and staff enjoyed their performance very much and their carols added a wonderful aspect of generosity, joy, and love this Christmas season.

When the choirs arrived, they split up in groups helping with the compound cleaning, bathing children, cooking, doing laundry and feeding babies. This helped the staff to quickly finish their chores so they can all get to enjoy the carols.

Sanyu: Where age makes no difference.

Tony Bourke- age 78

Tony commonly known as Jajja Tony has been coming to volunteer at Sanyu every December for the past 5 years. He is 78 years old and comes all the way from Canada. He says, "I have been travelling for 6 months for the last 32 years. When I travelled to Uganda and was passing by Sanyu Babies' Home forv years ago, I realized a could be useful doing the back work". Tony loves working in the laundry and kitchen departments. He also entertains the children during play time in the afternoons. Tony has worked with horses all his life and now finds much satisfaction making a difference in the children's lives. We are blessed to have Tony serve with us. We pray that God will give him good health, happiness and strength.

"Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress and to keep oneself from being polluted by the world." (James 1:27)

VOLUNTEER REPORT - Caroline Chuchu

When I first arrived at Sanyu Babies' Home from the United Kingdom I was extremely thrilled. There is a huge difference in reading about the home and its mission and actually being present and available to demonstrate the love of Christ to the children. I remember clearly arriving in the afternoon and I was swiftly given a tour around the home and got to meet the children and the caregivers known as the Mamas. I was filled with jetlag but I was too overjoyed and spend that afternoon playing with the children.

I have had a joyous two months of volunteering, caring and bonding with the children. I have learned from the Mamas and I am grateful to those who went above and beyond to ensure my experience was as smooth as possible. During my time at Sanyu, I have been pleased to know that the home is eager to ensure the children are reunited were possible with their families. I was afforded the opportunity to shadow the Social Worker and got to see the kind of work involved in reuniting, Fostering and Adoption.

Caroline with baby Favor and Joan

Children are a special gift from God regardless of their circumstances. I believe as a society we are to look after each other and adopting the principle of loving our neighbor as we love ourselves.

I thank God for Sanyu Babies' Home, a place of refuge, joy and love. I would like to take this opportunity to express my heartfelt gratitude to the staff and Mamas for their support and welcome. I will cherish the joyful experience and will surely miss the Sanyu Babies but God willing, one day I will be back.

Lastly, I can also say I am pleased to have learned a few words in Luganda, :-)
