LETTER FROM THE CHAIRMAN

On behalf of the new Board of Sanyu Babies Home (SBH) I would like to thank the **Bishop of Namirembe Diocese, The Rt. Rev. Wilberforce Kityo Luwalira**, for appointing us as a new Board to SBH and entrusting us with the responsibility of serving in this worthy cause of helping to correct the sad traumatic experiences these abandoned vulnerable babies and children have had to endure before coming to SBH; and ensuring that we nurture the restoration of their self-esteem, confidence and good welfare, to the many hopeless, abandoned, and orphaned. In this endeavor, we pledge to encourage, and ensure that we, and all SBH staff will continue to work with love and passion for the 'Sanyu Family'. Our great gratitude also go to the **outgoing Board**, led by Chairman **Rev. Prof. Sam Luboga** for steering the Home so well.

But most important, we take this opportunity to most sincerely thank **SBH many supporters, donors, friends, guardians, foster and adoptive families** who have continuously come out to help, having realized and appreciated the plight of these less privileged babies and children who are desperately yearning for a happy life, acceptance, good health, and a sense of

belonging. We shall continue to respect and treasure this tremendous amount of good-will, help, and outstanding generosity by all, for this very deserving cause.

Among the many challenges that SBH has are: one, the fact that it must grow beyond the current capacity of only fifty (50) babies/children, as all the factors that cause child abandonment will keep on growing for the future. The existing physical infrastructure (premises) will not be able to accommodate this potential growth; and we must plan for it. The current ad hoc person-to-person support to SBH based on voluntary contributions from our friends and well-wishers would soon become inadequate, and there will be need for additional more permanent, predictable and reliable income sources. Our commitment, self-sacrifice, love, and determined effort to help must take stock of all these critical issues. Relentless effort to re-unite these abandoned little ones with their families will also continue. Please keep praying for us and supporting us. It is only GOD that can reward you.

Dr. Stephen Kituuka – Board Chairman

LETTER FROM THE DIRECTOR

It is with great honour that I introduce to you the 30th Issue of our newsletter. The first three months of 2016 have been months full of many activities here at Sanyu Babies' Home. We were blessed with new Board members under the chairmanship of Dr. Stephen Kituuka. I wish to welcome them all and I pray that they may be filled with the Love and Grace of God to help them be a channel of the same to Sanyu Babies' Home family. A big thank you to the old Board of Governors under the chairmanship of Rev. Prof. Sam Luboga. Thank you so much for the guidance, support, love, care and great counsel accorded unto the entire Sanyu family. We thank God for the Sanyu children that have been blessed with families through reunions and fostering. We also bless the Lord for those that have been rescued from places like bushes, garbage heaps, pit latrines, hospitals, among other areas to join the Sanyu family.

We cannot stop thanking you all, our dear partners, for your immeasurable love, care and support to this great ministry. May God bless and richly reward you always.

FEATURE: Israel's Life Story

Israel came into Sanyu Babies' Home after being abandoned by his mother in a water trench at Nakawa market when he was approximately 2 weeks old. Everyone in the home immediately fell in love with this sweet boy. He had a joyful character and a smile that could light up any room. We were genuinely blessed to be a part of Israel's life and are thankful for the days the Lord gave us with him.

Within a week of being at Sanyu, Israel became sick. Israel received the best care possible by our nurses and mama's but continued to worsen. Israel had the opportunity to receive round the clock care by a volunteer, Madison Warner, who loved him dearly and considered him her son. As Israel's condition became worse he was admitted to Mengo hospital where he received phenomenal care by Mengo's doctors and nurses. Doctors began treatment for meningitis and Mama Jacinta stayed at Mengo hospital with Israel and cared for all of his basic needs and showered him in love while he

was sick. Madison also stayed at the hospital daily and overnight when needed to be supportive and give love to her baby boy.

Despite the best efforts of doctors, nurses, mamas and volunteers, Israel Lubulwa went home to be in the arms of Jesus on February 25th at around 1:30am. A funeral service was held at Sanyu Babies' Home and he was buried at Lusaze cemetery.

Israel was blessed by so many people. He received the love of Christ at Sanyu through the mama's and volunteers and did not pass away as an outcast but rather a beloved son, friend, and now, brother in Christ. We continue to thank the Lord and praise him for the life of Israel and the joy he brought to those around him. We take comfort in knowing that baby Israel is no longer in pain and is waiting for us in heaven and we will see him again one day in paradise.

*"He will wipe away every tear from their eyes and death shall be no more, neither will there be mourning, nor crying, nor pain anymore, for the former things have passed away."
(Revelation 21:4)*

FEATURE: Michael Reunited with family

We have the most wonderful news to share with you our dear readers. Michael, who appeared in our 21st Issue of the Newsletter has been reunited with his family and has left the Sanyu family!

Michael arrived at Sanyu on 9th October, 2013; suffering from extreme malnutrition and other complications; he was very thin and weak. At approximately 2 years old, Michael could not crawl, walk or talk. His tinny body was full of scars and cuts received from the abuse he suffered before coming to Sanyu.

We have watched Michael grow from an extremely malnourished child when he first arrived into an amazing child with an infectious personality, who whilst at Sanyu, learnt to crawl, walk, run and talk.

a harvest if we do not give up" (Galatians 6:9)**

In an effort to fulfil our mission, which is to “Provide Christ-like love to babies and children deprived of parental love: and reintegrating them into community, through reuniting them with their families, fostering or adoption”, Sanyu’s Social Workers immediately embarked on the journey of tracing for Michael’s known relatives. This was no easy task but they never gave up.

It was later found out that Michael’s mother died and left her child with a house maid who mistreated Michael and later abandoned him. The social workers did not stop at that as they were interested in finding the extended family members of Michael. His maternal grandparents were traced and found on the village of Kasinina - Kiboga District. Samuel Katumba and Proscovia Namirembe (grandparents) were very delighted to know that their grandson was alive. We immediately arranged for them to come and visit Michael and start the bonding process. After a number of preparations, Michael was finally reunited with his grandparents on 25th January, 2016.

We thank CRANE partnering with Viva for donating to us a startup pack for Michael which included items but not limited to; a mattress, blanket, mosquito net, bed sheets, shoes, tooth brush and a towel.

We pray that God keeps on blessing Michael and his family as they embark on a new life together.

After bidding farewell to the outgoing Board of Governors under the Chairmanship of Rev. Prof. Samuel Luboga, the Dean of St. Paul's Cathedral Namirembe - The Very Rev. Canon Benon Kityo who represented the Bishop- The Rt. Rev. Wilberforce Kityo Luwalira; was pleased to welcome the new Board of Governors under the chairmanship of Dr. Stephen Kituuka. This was at the official hand over and inaugural ceremony of the Board that took place on 11th March, 2016. The event was marked with speeches, food and drinks, songs and words of prayer. Everybody who was present during the afternoon function had a great time getting to hear from the new board members and we would like to take this opportunity to once again welcome them into the Sanyu family.

FEATURE: Staff Trainings

The month of March has been very busy for the staff at Sanyu Babies' Home. We were blessed to have our very own Social Worker Brasio Kkonde take the staff through a series of trainings on Saving and Business Tips. On the 3rd day of March 2016, the staff had Savings training intended to impart skills on how to save however little one's earning might be.

On 10th March 2016, another training was conducted on Business Tips. This was followed by practical sessions on the 17th and 31st of March, 2016 on how to make exercise books, liquid soap and

bleach. We thank Brasio so much for giving the staff an opportunity to learn.

Nurse Juliet and Nurse Lydia are also blessed to have attended a number of CMEs (Continuous Medical Education) from Mengo Hospital. We thank our visiting Dr. Allex Otto for having invited them to attend the trainings.

VOLUNTEER REPORT – Madison Warner

My name is Madison Warner and during the months of January and February, Sara Benton and I had the opportunity to volunteer at Sanyu Babies Home. Immediately we were met by the smiling faces of the mamas and other staff members. The children were immediately receptive and welcoming and we felt right at home. It was an amazing experience to be able to come in and show these children and mama's Christ like love and receive it in return.

It became very clear to us very quickly that there is always something to do around the home! there are always dishes that need washing, laundry that needs doing, children that need changing, babies that need bathing, bottles that need making, kids that need fed, a baby that needs held, beds that need making, floors that need cleaning, and classrooms that need teaching! We jumped right in and worked alongside these amazing women for a little over 2 months. The day is always fast paced and extremely

busy. There was never a dull moment!

The typical day started with devotions at 7:30am where we would hear from the word of God, sing songs, and encourage each other. Then we would all hit the ground running when breakfast started for the children. As you can imagine, feeding 50 children at once is no easy task and generally takes an army of people to accomplish feeding times. After breakfast, the older children are taken to class where we had the opportunity to work alongside Sanyu's teachers till lunch time.

Working in the class rooms gave us a chance to spend time with the older children and get to know them on a deeper level and invest in their lives in more ways than just play time. After lunch all the children would nap until 3pm which is when we would get to play with them outside and love on them.

One of my favorite parts of the day! After dinner we would all swing into another very crazy part of the day. Two words. Bath time. Armed with towels and a pile of clothes we would wrap up freshly washed children, dry them off, and quickly cloth them before putting them to bed. The day ended for us volunteers but for the mamas the day doesn't end there. These amazing women stay at the home all night making sure the children stay safe and comfortable all night long. We were able to come in for the midnight and 5am feedings to help out with the younger babies and quietly feed them bottles and change them before going back to sleep. The day never ends at Sanyu and there is always a time to pitch in and help.

As you might expect, Sara and I formed deep lasting relationships while we were at Sanyu. We will always remember our trip and most certainly return back to Sanyu one day. But until then, I would like to encourage anyone and everyone to lay up their treasures in heaven and please consider supporting Sanyu Babies' Home. The

work of volunteers is vital to this home! Please prayerfully consider volunteering or supporting Sanyu Babies' Home. There is always room for a new face in the Babies' Home and I can honestly say that working alongside Sanyu has been one of the best and most rewarding experiences of my life. I will be forever grateful for these people and they will always have a special place in my heart! Please consider loving on the "least of these."
