# LETTER FROM THE CHAIRMAN

We thank GOD for HIS protection and for keeping us alive. We are also grateful to GOD for enabling us to operate the Home in fairly difficult circumstances.

The low season of economic activity in the country continued to be reflected in SBH by a slow-down in support to the Home and income in the last three months' period, to which this Newsletter is addressed. SBH continued to yearn for support, especially in the area of the proposed expansion development.

In view of the poor rate of donations for development purposes, we generally reiterate the need to exploit new areas of support, divorced from the traditional ones, and also seek advice on how to overcome the development funding gap. One possibility is to source development partners to fund development of the SBH expansion project on terms that would be beneficial to all (after mutual negotiations).

We therefore hasten to invite developers to come to us with development partnership proposals of the expansion project, for further negotiations. Through this approach a developer, may for example, advance funds to the project, and is (with mutual agreement) allowed to recoup his investment with interest, over a period of time.

Certainly, with GOD's blessings, the problem will be resolved. Pray for us.

# LETTER FROM THE DIRECTOR

The first three months of this year were both rewarding and challenging. Rewarding in the sense of continual provision of Christ-like love to babies and children deprived of parental love. We continue to try and re-integrate them into the community, through re-uniting them with their families, fostering or adoption. It is challenging mainly due to the Home's very high Aid Dependency which is not ideal, as it cannot be sustained forever. The Home relies almost entirely on friends, volunteer support and people's generosity from within the country and individuals outside the country. There is no organization or institution that funds the Home on a regular basis. The person-to-person sourcing of financial support policy that we are currently using has worked in the past to sustain the Home, especially in terms of recurrent expenditure. However, the growing numbers of these underprivileged ones is demanding a more sustainable and consistent financial support system. These little ones are desperately yearning for a good and happy life, acceptance, good health, and a sense of belonging.

One way to respond to the above challenge that we face is to undertake a **SBH extension project**. We have to Invest in an income generating project **for self-sustainability**. We plan to develop part of Sanyu Babies' Home prime land at the current Namirembe site into a mixed-use commercial development,which includes a bigger guest house, shops and offices. **The extension project will enable us to start generating an income of our own.**

We are desperately in need of funds to finance this project. We kindly encourage friends of Sanyu Babies' Home and every one out there to help us with whatever you can. This is a fantastic opportunity for corporate involvement. **Every contribution will make a meaningful impact in the lives of every child placed in our care.**

**Proposed SBH extension project**

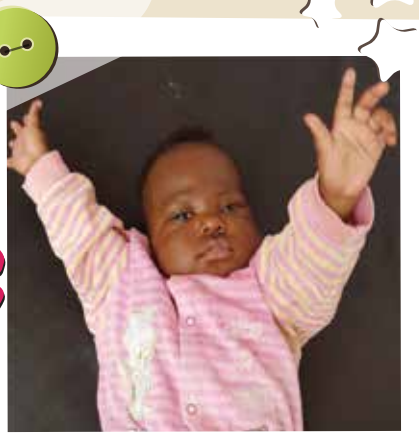
The estimated cost for the project is **USD 3,090,264.95**. We really hope you can help us with any financial contribution. Soil-testing on the building site is under-way and we have procured funds to meet all the preliminary costs.

This includes detailed professional drawings and the cost of building plan approvals. We will be able to embark on the construction of the extension project, as soon as funds are available.
To make a donation towards the SBH Extension project.

Please send us an email: ***sanyubabhome1@gmail.com***.

Barbara Nankya Mutagubya – **Director**

In the past three months, the Social Work department has mainly been involved in carrying out intensive investigations for many children who arrived in the last quarter of 2018. Plans are underway to have a number of children re-united with their families and others to be placed in families for fostering and adoption. We have not been in position to admit many new children due to limited space. One of the core values of Sanyu Babies' Home are love and concern for others. This inspires us to welcome little ones in need. We welcomed the following babies;



Brenda Namitala

## Brenda Namitala (3 days)

Arrived on 2nd January 2019. She was found abandoned by an unknown person on a veranda near FACO Company in Ndeeba, Kironde Zone, late at night. She was rescued by a motor (Bodaboda) cyclist who was passing by. He later reported the case to Kironde Police Post. They forwarded the matter to Katwe Police Station who referred Brenda to Sanyu Babies' Home for temporary custody as investigations are done.

## Ruth Kisakye (1 year & 2 months)

Arrived on 22nd January 2019. She was abandoned by a woman suspected to be her mother at a shop in Kampala city center. The case was reported at Central Police Station- Kampala. They referred Ruth to Sanyu Babies' Home for temporary custody as investigations are done to find the known relatives.

Ian Afaayo

## Ian Afaayo (One (1) day)

Was admitted on 21st March 2019. He was found abandoned in the pit latrines of Rubaga Catholic Parish. He was rescued by Good Samaritans who reported the matter to Rubaga Police Post. This was later forwarded to Old Kampala Police Station which referred Ian to Sanyu Babies' Home for temporary custody as investigations continue.

## Pauline Destiny Muyinza (1 month)

Arrived on 26th March 2019. She was found abandoned at Mulago Hospital. The case was reported to Old Kampala Police Station who later referred Pauline to Sanyu Babies' Home for care and protection as investigations are ongoing.

# Sponsor a Child

Every year, many babies in Uganda are abandoned or discarded at birth. They are found in garbage dumps, toilets/ pit latrines, by the road side, in the bushes, gardens, taxi parks, etc. The children are found from hours, days, weeks, or months old and often in very poor states of health. Their entire future relies on Sanyu Babies' Home and friends like you.

There are many babies at Sanyu Babies' Home that need sponsorships to give them hope. When you partner with Sanyu through sponsorship, you agree to make a regular contribution that enables Sanyu to provide Christ-like love to babies and children deprived of parental love; and re-integrating them into community, through reuniting them with their families, fostering or adoption. **For just $15/UGX 60,000 each month,** you can sponsor a child and give them hope.

**Please contact Barbara (sanyubabhome1@gmail.com), the Director if you want to help us by sponsoring one of our babies.**

**"Do not neglect to do good and to share what you have, for such sacrifices are pleasing to God." (Hebrews 13:16)**

# Jovia's story: From Sanyu to Ireland

In February 2010, our lives changed for the better. We met our forever daughter Jovia in Sanyu, we dreamed of this day for a long time. I remember meeting her and having to return to Ireland for proceedings to commence and this was a very difficult time for both Jovia and Tony and myself. After 3 weeks I felt my place was in Sanyu with my daughter, awaiting our court date and putting all the paperwork in place. I returned on April 3rd 2010 and my brother Peter travelled with me and stayed for a week, which I was delighted about and was the first family member to meet Jovia. I knew being with Jovia and having the weeks ahead to bond with her was the right thing to do. I lived in Sanyu, and the Mamas, Ronaldo, Barbara and staff welcomed me and looked after me so well. Tony returned in May and after our court was finalized we brought Jovia home to start our lives as a family in Ireland, that was 9 years ago. I can clearly remember as if it was yesterday as my experience in Uganda was such a positive one. We brought Jovia back in 2014 so that she could understand her culture and meet the people we talk to her about that looked after her so well for the short time she was in Sanyu.

This proved a very important visit for her and she shared her experiences with her friends and school mates with a clear understanding of her heritage, culture and identity. She still talks about her trip to Uganda. Today Jovia is a happy, confident, kind, ambitious young girl, who is loved by everyone she meets. She's doing so well in school, enjoys swimming, acting and playing the piano. She's also in a dancing class (she clearly gets that from her culture) as I have 2 left feet. She's very artistic too, she has lightened up our lives from the day we met her. Christmas, Easter, Holidays and Birthdays all feel different when a child is in our lives. She's a wonderful child. We feel privileged that our paths crossed and that we have been given the role as parents to her.

Thank you.

# Volunteer Report - by Jodi Giberson

I have had the pleasure and blessing of being able to serve at Sanyu Babies Home two times in the past year. My husband and I came in the spring of 2018 with Muriel DeLong and Cheryl Pazia for five weeks. I had struggled with my decision to leave our own children for such a long time and not knowing if I had any skills that would have be of use at Sanyu. I was traveling with two nurses and a civil engineer. I was a mother to three girls with a farming background. But it was our three daughters who encouraged me and wanted me to go help the mamas who are working so hard to look after the children at Sanyu.

Even though I traveled alone my second time in 2019 to Sanyu, leaving my family behind in Canada, the staff and volunteers always made me feel like Sanyu was my home away from home. There is never a dull moment at Sanyu. There is always a task that can be done. Every task done lightens the load for the staff no matter how insignificant the task may seem.

One of the hardest things was not seeing some of the children from our previous trip to Sanyu. Little faces that you looked forward to seeing everyday last time were no longer here. It was a sad yet happy feeling. It is sad that they are not there, but you are happy that they have found their way home. My heart breaks for the mamas who care for these children. Loving and caring for the children knowing that the best place for them is with a family.

As soon as we arrived home in Canada after our first trip to Sanyu our hearts yearned to return. My husband Andrew and I have been amazed at how a part of us has been left behind with not only the children of Sanyu, but also with the staff and volunteers. The friendships have been made will be forever treasured by us. Everyday we pray for the children and staff of Sanyu and we thank God for the opportunities He has given us to be able to come serve at Sanyu. I am home in Canada now but am already looking forward to my next time at Sanyu.

# Volunteer Opportunities at Sanyu Babies' Home

We offer a number of ongoing opportunities for one to come and volunteer at Sanyu. Our guesthouse is on site, which provides each volunteer with a comfortable and safe place to stay. You are just steps away from the babies' home. Please check our website for more information; ***www.sanyubabies.com***. We hope to offer more guesthouse facilities, when our SBH Extension Project (referred to above) dream turns into reality.

# DONATIONS NEEDED

## (a) Consumables

Sanyu Babies' Home relies almost entirely on the generosity and support of friends like you. Over the years, we have received many donations which have been enormously valuable to the home and especially the children. We thank you for all your love and support. However, we are always in need of contributions to keep the home running. Our wish list is endless and includes some of the following;

Every gift that is given to Sanyu is so appreciated and we want to thank everyone who has given to the children of Sanyu.The donors listed have given in cash and also in kind (formula, food, clothes, toys etc.) We know that it is the heart of the giver,not the size of the donation.Thank you so much for your kind hearts!
This list is for January- March, 2019.

## *Cash Scrambles raising Money for Sanyu Babies' Home*

Aston Fields Middle School, in Bromsgrove, UK, held its annual 'Cash Scrambles' fundraising day to raise money for Sanyu Babies' Home. The event took place in the afternoon and yet again the pupils surpassed themselves. All were simply amazed at the hard work and entrepreneurial skills of the pupils at the school. There were traditional favourites such as cake sales and tombola's alongside skillful games, fortune telling and an array of beauty treatments! There was plenty of choice to encourage pupils and staff to part with their money. The chance of winning a prize, the chance to get glittered or the chance to just eat goodies was far too tempting for most! Thankfully, due to the generosity of the parent, carers and friends of AFMS, and the hard work and ingenuity of the pupils, it was an enormous success. A phenomenal £887 was raised for Sanyu! What an achievement!
